

PRESS RELEASE

Paul Jackson & Teina Mackenzie Join Maritime Cook Islands Asia Pacific Yachts Technical Team

Paul Jackson
Technical Manager

Teina Mackenzie
Technical Administration
Manager

Rarotonga, Cook Islands – 6th November 2024 – Maritime Cook Islands (MCI) is pleased to announce the addition of Paul Jackson and Teina Mackenzie to its Asia Pacific Yachts Technical team within the Regulatory, Technical & Operations (RTO) Department.

Paul Jackson steps into the role of Technical Manager, bringing extensive maritime experience from senior positions at Lloyd's Register Group, where he oversaw survey work, new construction, and conversion projects across Australasia, the Middle East, and Europe. At MCI, Paul will manage the technical compliance of yacht operations throughout the Asia Pacific region from Brisbane, Australia.

Teina Mackenzie, the new Technical Administration Manager for the fleet, brings over two decades of administration and management experience, including the past four years with MCI's Customer Due Diligence (CDD) Department. In her new role, Teina will handle the technical administrative functions for the yacht fleet in the region.

"We are thrilled to have Paul and Teina join our technical team for the Asia Pacific Yacht fleet," said Head of RTO, Paolo Favilli. "Their skills and experience will strengthen our services in the region and ensure we continue to meet the needs of our growing client base."
